

**RATE SCHEDULE ITS-1
INTERRUPTIBLE TRANSPORTATION SERVICE**

1. AVAILABILITY

This rate schedule is available to any party (hereinafter called "Shipper") qualifying for service and who has executed an Interruptible Transportation Service Agreement with the Transporter.

2. APPLICABILITY AND CHARACTER OF SERVICE

This rate schedule shall apply to interruptible gas transportation services performed by the Transporter for Shipper pursuant to the executed Interruptible Transportation Service Agreement between the Transporter and Shipper.

This Rate Schedule does not constitute an independent instrument from the Service Agreement and the General Conditions approved by CRE. Therefore, if there is contradiction between the Rate Schedule and said instruments, the later will prevail.

The Transporter shall receive from Shipper such daily quantities of gas up to the Shipper's Maximum Daily Quantity as specified in the executed Interruptible Transportation Service Agreement between the Transporter and Shipper plus the required quantity of gas for fuel and line losses associated with service under this Rate Schedule ITS-1 and redeliver an amount equal to the quantity received less the required quantity for fuel and line loss. This transportation service shall be subject to curtailment of interruption as provided in the Transportation General Conditions.

Interruptible transportation service shall be subject to all provisions of the executed Interruptible Transportation Service Agreement between The Transporter and Shipper and the applicable transportation General Terms and Conditions contained in this Gas Tariff.

3. RATES

3.1 Delivery Rates

Shipper shall pay The Transporter, each month, for the transportation of quantities of natural gas delivered, the Delivery Charge, plus any applicable Overrun Charge and surcharges.

**RATE SCHEDULE ITS-1
INTERRUPTIBLE TRANSPORTATION SERVICE**

3.2 Applicability of Surcharges

Shipper shall pay all surcharges applicable to the service provided to Shipper as set forth in the Rate List.

4. AUTHORIZED OVERRUNS

Quantities in excess of Shipper's MDQ shall be transported when capacity is available on the system and when the provision of such Authorized Overruns shall not affect any Shipper's rights on the system. Authorized Overruns are interruptible in nature. The rate charged shall be the rates and charges as specified in Paragraph 3 of this rate schedule. Authorized Overruns shall be subject to the priority of service provisions of the General Conditions.

5. FUEL AND LINE LOSS

Shipper shall furnish to the Transporter the quantities of gas for compressor station fuel, line loss and other utility purposes, plus other unaccounted for gas used in the operation of the system for the transportation of the quantities of gas delivered by the Transporter to Shipper, based upon the effective fuel and line loss percentages in accordance with the General Conditions.

6. TRANSPORTATION GENERAL TERMS AND CONDITIONS

The Transportation General Conditions are applicable to this rate schedule, unless otherwise expressed in the executed Interruptible Transportation Service Agreement between the Transporter and Shipper. Any future modifications, additions or deletions to said General Conditions, unless otherwise provided, are applicable to interruptible transportation service rendered under this rate schedule, and, by this reference, are made a part hereof.
